Dear Committee Members:

The Yolo County Board of Supervisors is sending documents for your files in hope that they will provide you with the necessary information to assist in your deliberations. For your review, enclosed are the Yolo County Water Plan, County Ordinance No. 1195 dealing with the extraction and exportation of groundwater from Yolo County, as well as numerous letters to the Department of Water Resources responding to the draft EIR for the Supplemental Water Purchase Program.

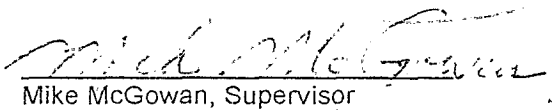

As you review these materials, you will certainly notice our County's strong commitment to maintaining our water resources and managing them appropriately. Water issues are highly significant to the citizens of Yolo County, a water deficient county that is economically dependent on agriculture. On the issue of water, we will not waiver in our commitment. We will do everything we can to ensure that our water rights are not compromised in any way.

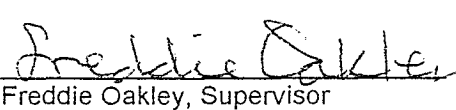

Please feel free to contact us for input at any time. We look forward to following your deliberations and appreciate your continued efforts to ensure that our voice is heard.

Sincerely,
Yolo County Board of Supervisors

Dave Rosenberg, Chair
Fourth District

Lynnel Pollock, Vice-Chair
